CAREER OBJECTIVE

Results-driven Operations & Administrative Professional with 7+ years of experience in multi-site operations, large-scale team supervision (78+ staff), and data management. Proven track record in facility oversight, vendor/staff coordination, and administrative reporting across high-volume environments. Seeking an **Administrative Officer / Operations Executive** role to leverage my analytical skills, leadership, and operational expertise to drive organizational efficiency.

KEY SKILLS & COMPETENCIES

- **Administrative Operations:** Multi-Site Oversight, Facility Management, Vendor & Housekeeping Supervision, Duty Roster Management.
- **Team Leadership & Safety:** Managing 78+ Staff, Access Control, Security & Workplace Safety Protocol, Crisis Resolution.
- **Data & Office Systems:** Advanced Excel/Data Analysis, Incident Reporting, Bill Verification, Asset & Inventory Tracking, MS Office Suite.
- **Communication & Tech:** Inter-Departmental Coordination, Government Liaison Support, Typing (Bangla 25 WPM, English 30 WPM), Basic ERP/CRM.

1. VSO (OP) — United Group (Security & Safety Dept.)

Location: United Corporate Head Office, Dhaka | Duration: March 15, 2023 – Present

- Supervise daily operations, shift scheduling, and performance of 78+ operators across 24 project locations.
- Oversee multi-site facility safety, access control protocols, and real-time monitoring of 4,000+ CCTV cameras.
- Compile and present daily operational summaries, incident logs, and data-driven administrative reports to senior management.
- Coordinate cross-departmental communication during emergencies and ensure strict compliance with organizational policies.

2. Team Leader (Sr. Marketing Officer) — SADIA IT SOLUTION

Location: Kishoregonj, Nilphamari | Duration: June 01, 2018 – December 31, 2021

- Led a 12-member administrative data team handling record management, client documentation, and office maintenance.
- Verified vendor bills, managed office logistics, and maintained internal service quality tracking.
- Managed database entries, daily workflow reporting, and administrative record-keeping with high accuracy.
